JOINING INSTRUCTIONS

- Class Schedule and Communication:** Please be advised that classes are scheduled every Saturday and Sunday from 12:00 PM to 02:00 PM. All participants will receive notifications regarding class sessions through email. Additionally, WhatsApp notifications will be sent to those whose registered contact number is a WhatsApp-enabled mobile number. To access the classroom visit:
<https://classroom.codingninjas.com/>

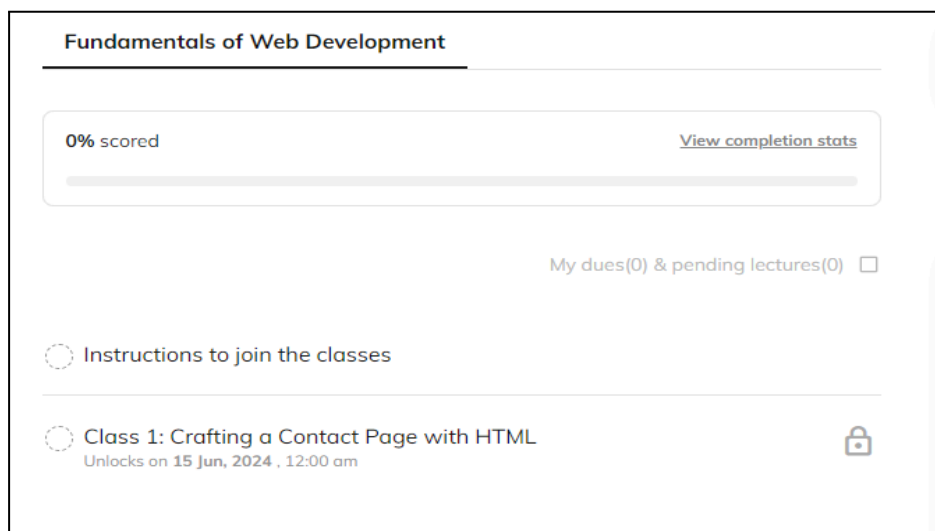

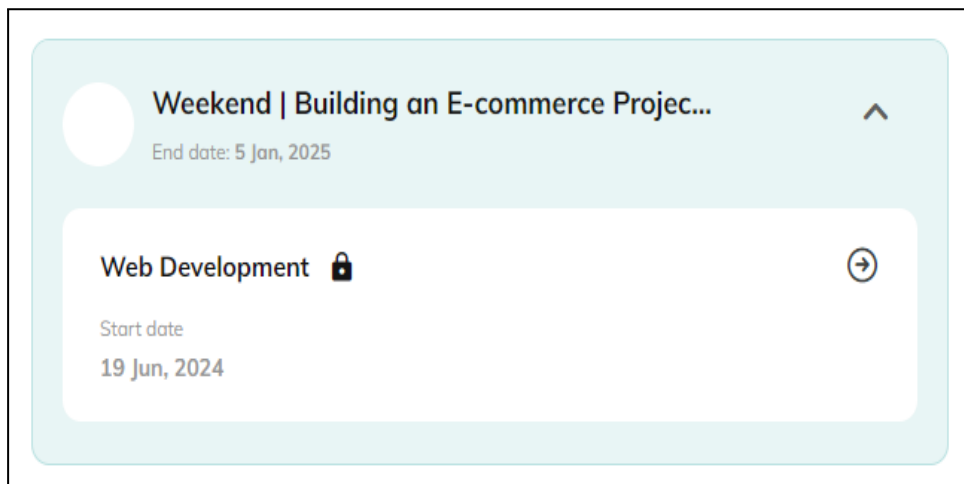

a. Email Notification:

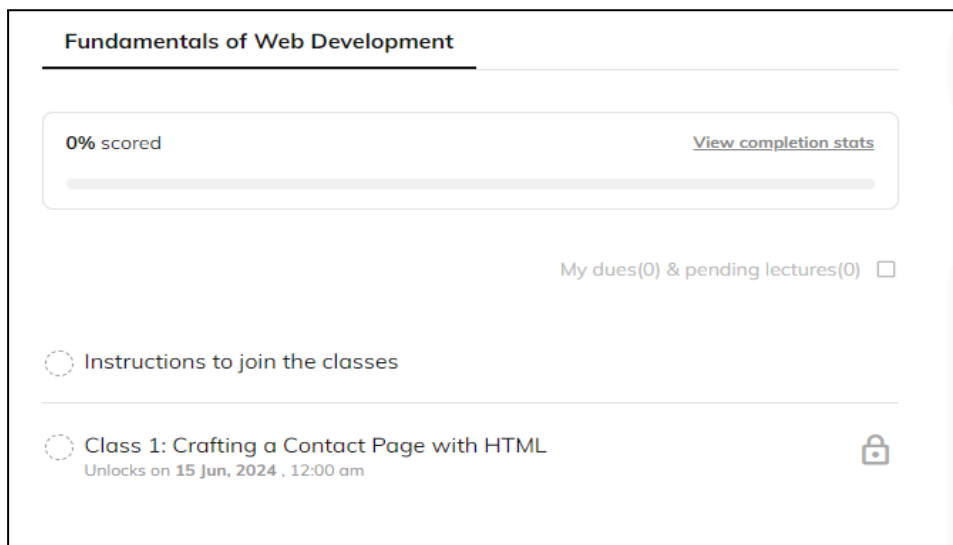

b. WhatsApp Notification:

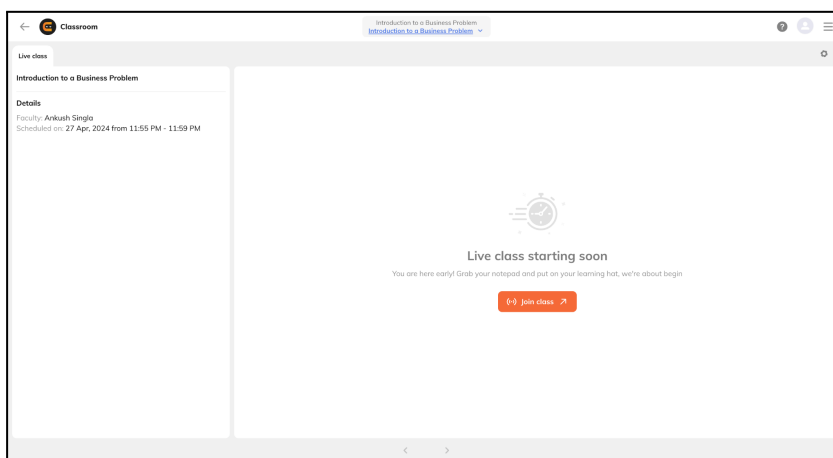

- 2. Classroom Interface Overview:** Upon entering the Coding Ninjas classroom, you will be presented with a course **Weekend | Building an E-commerce Project**. Please refer to the inserted screenshot for a visual guide.

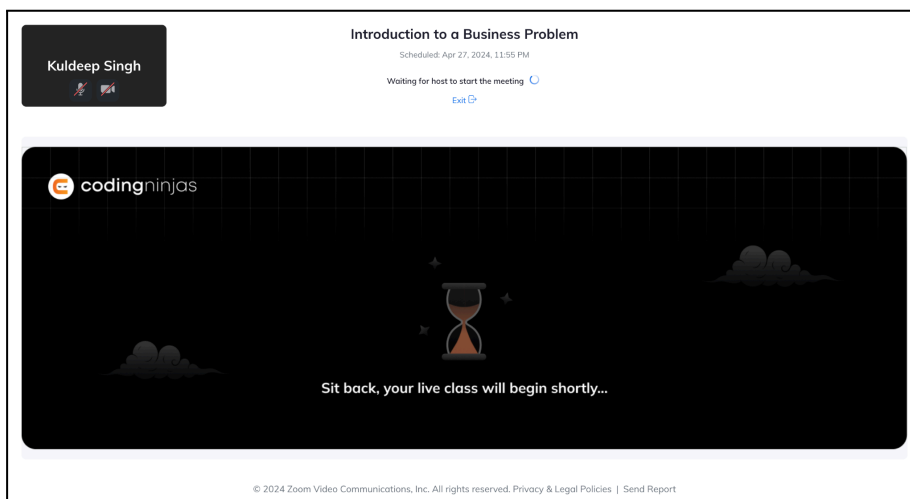

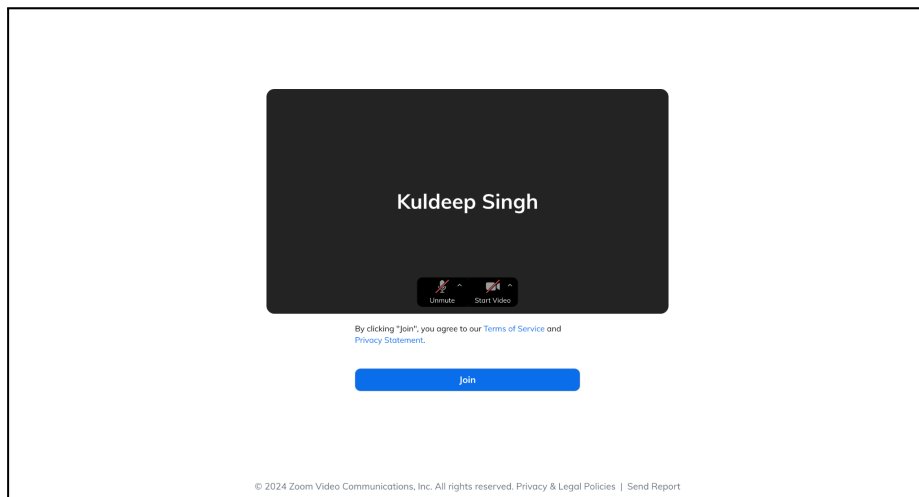

3. **Access to Class Content and Joining Instructions:** The calendar view within the classroom will indicate if a class is scheduled for the current day. Please note that the content for each class will be unlocked and accessible 12 Hours prior to the start of the session. Similarly, the link to join the class will be made available 15 minutes before the scheduled time.

4. **Joining the Class Session:** Upon availability, click the “Join Now” button to proceed to the class. This action will open a new window where you must select the “Join” button. You will then be placed in a waiting room. Participants will remain in the waiting room until the instructor initiates the session.

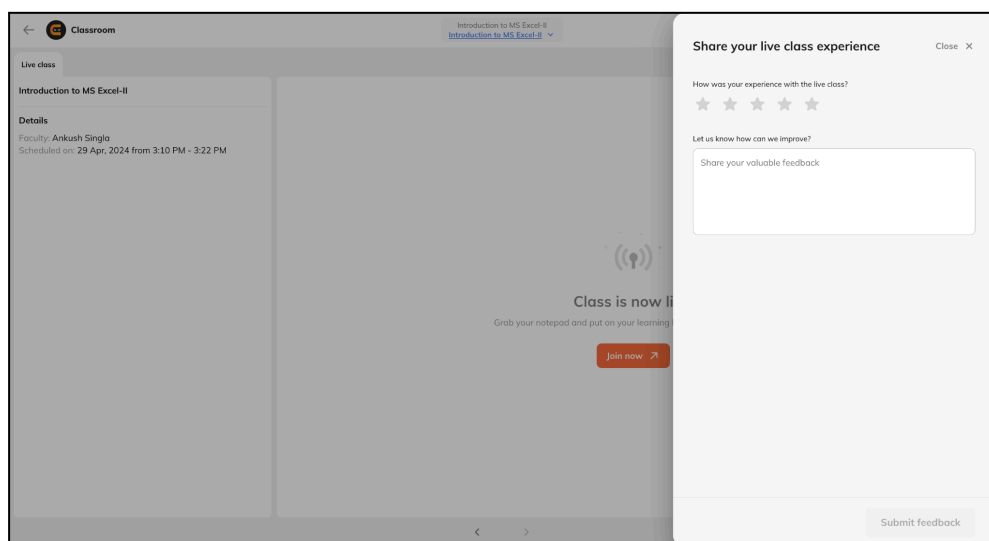

- 5. Live Class Interface:** All live classes will be conducted via the Classroom Interface. Participants will have access to various meeting features including chat, reactions, and other interactive tools. Please familiarise yourself with these features to enhance your participation in the sessions.

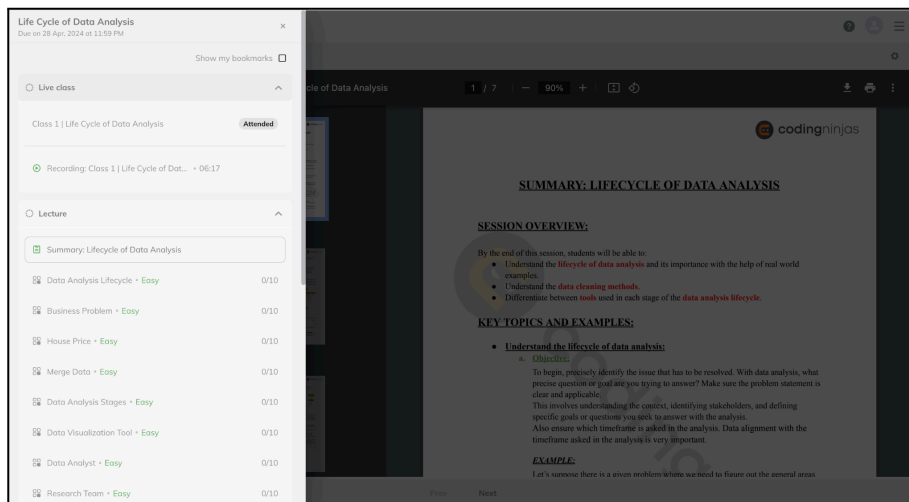

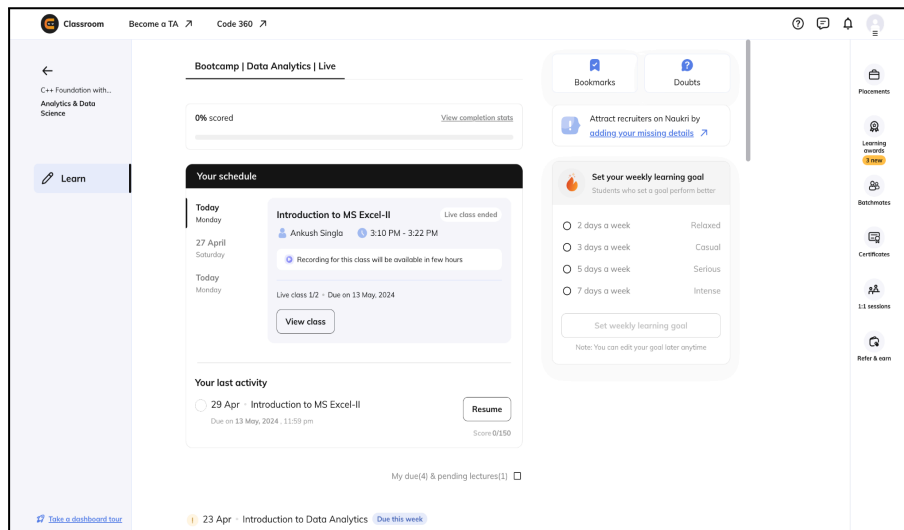

6. **Post-Class Feedback Submission:** Upon exiting the class, a feedback panel will automatically appear. All participants are requested to provide their feedback directly through this panel.

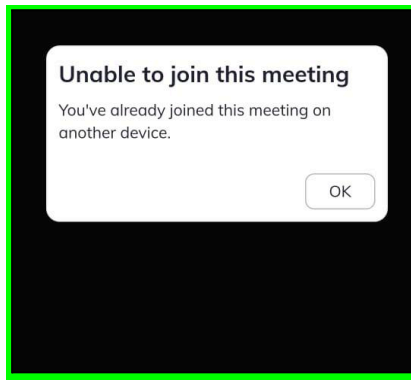

7. **Access to Class Recordings:** Following the conclusion of each live class, the recording will be made available under the "Live Class" tab in the lecture interface.

Students may access these recordings a few hours after the live session ends.

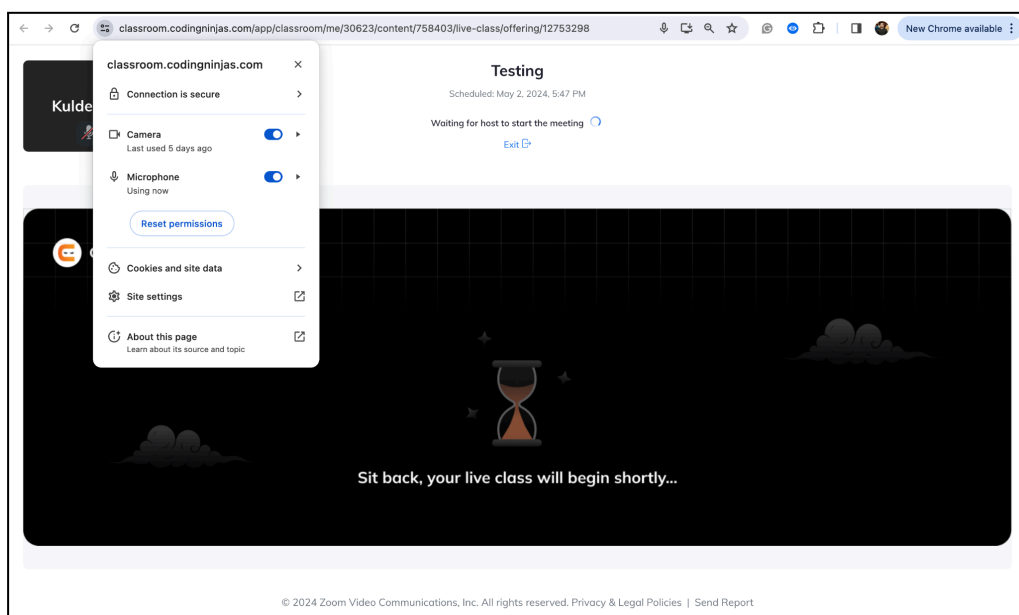

Do's and Don'ts / FAQs:

- Always utilise the classroom on a single device when attending any live sessions. The classroom does not permit joining the class from multiple devices and will display an error, as illustrated in the attached screenshot.

- If you encounter an error due to internet connection issues and get disconnected, refrain from opening the classroom link in multiple tabs or devices. Stick to the same tab or device and refresh the link. You should be able to re-join the class within 30-60 seconds. Ensure you have a stable internet connection.
- Ensure that upon entering the Live Classroom, the specified tab/website is permitted with the necessary settings including microphone, camera, and other site settings as shown in the attached screenshot.

- If you encounter any microphone or speaker issues, please ensure to check the settings after joining the Classroom Meeting and always select the correct options visible in the settings, as depicted in the attached screenshot for your reference.
